SUBJECT INDEX VOLUME XVIII

(CPC) = Clinico-pathologic Conference; (E.) = Editorial

- Acidosis, respiratory, carbonic anhydrase inhibitor in, 536
- ACTH
 - and blood and extracellular fluid volume, 454
 - in diagnosis of adrenal cortical insufficiency, 3
- Acute interstitial nephritis (CPC), 135
- Adams-Stokes syndrome, 577
- Adrenal cortical insufficiency, diagnosis of, 3
- Age and vascular disease, influence of, on cerebral hemodynamics and metabolism, 477
- Amino acid excretion in renal disease, 249
- Anatomy of the glomerulus, 267
- Anemia
 - hemolytic, 961
 - and autoantibodies, 810
 - indications, mechanisms and classifications of, 315
 - induced, ventricular function in, 397
 - myelophthisic, in cancer of breast, 923
 - sickle cell, and renal hemodynamics, 243
- Aneurysm of aortic sinus, 160
- Angiocardiology in double aortic arch, 1022
- Ankle pain despite orthopedic treatment, 653
- Antibiotic
 - drugs for urinary tract infections, 764
 - therapy, complications of, 792
- Antibiotics
 - action of, 717
 - and bacterial infections, 782
 - bacterial ecologic state induced by, 839
 - chemistry of, 686
 - foreword to symposium on newer aspects of, 679
- Anuria, management in, 199
- Aortic
 - arch, absence of, 150
 - double, angiocardiology study of, 1022
 - sinus aneurysm, 160
 - valvular disease and hemodynamics, 855
- Apparatus for determining functional residual capacity of lung, 531
- Arteriosclerotic heart disease in diabetes mellitus, 438
- Arthritis, rheumatoid
 - cortisone therapy in, 27, 41
 - etiology and pathogenesis of, 74
- Bacilli, tubercle, in vivo, 753
- Bacterial
 - infections, chemotherapy of, 782
 - resistance, 723
- Benemid, diuretic action of, 259
- Bernheim's syndrome, 567
- Blood
 - and extracellular fluid volumes with ACTH and cortisone, 454
- Blood, vessels, minute, in disease (E.), 169
- Breathing, work of (E.), 851
- Calcification, intracardiac, and pulmonary artery fistula, 160
- Cancer of breast and myelophthisic anemia, 923
- Cardiac
 - catheterization and aortic valvular disease, 855
 - hypertrophy and insufficiency, 900
- Cerebral
 - hemodynamics, influence of age and vascular disease on, 477
 - mucormycosis and rhizopus oryzae, 822
- Chemotherapeutic drugs for urinary tract infections, 764
- Chemotherapy
 - of bacterial infections, 782
 - of tuberculosis, 738
- Choroma and chloroleukemia, 671
- Cirrhosis, portal, hepatic function in, 354
- Clinic on psychosomatic problems (Massachusetts Gen. Hosp.)
 - extreme physical effort in summer heat followed by collapse, stupor, purpura, jaundice and azotemia, 659
- Clinico-pathologic conferences
 - chills, fever, sudden weight gain, oliguria and arrhythmia, 135
 - diarrhea, chills, fever, cough and chest pain, 1007
 - extreme physical effort in summer heat followed by collapse, stupor, purpura, jaundice and azotemia, 659
 - joint pains, anemia, neuropathy, fever, convulsions and blindness, 335
 - sudden onset of anemia, ecchymoses, fever, neurologic signs and stupor, 498
- Clubbing of fingers, unilateral, 150
- Combined staff clinic (Columbia Univ.)
 - pituitary-gonadal relationships, 123
- Conference on therapy (Cornell Univ.)
 - surgical treatment of mitral valvular disease, 326
- Coronary
 - artery disease and hypertension, 567
 - resistance in induced anemia, 397
 - stenosis and induced anemia, 397
- Cortisone
 - and blood and extracellular fluid volumes, 454
 - and hypothermia, 146
 - therapy in rheumatoid arthritis, 27, 41
- Cyst fluid, composition of, 207
- Cystic disease of kidneys, 207
- Diabetes
 - labile, causes of, 448

Subject Index

- Diabetes, mellitus and arteriosclerotic heart disease, 438
 hepatic function in, 354
 myocardial metabolism in, 385
 Diamox, inhibition of carbonic anhydrase by, 536
 Disodium calcium EDTA and lead poisoning, 932
 Diuresis, production of, with benemid, 259
- E**
 Edema, diuretic action of benemid in, 259
 EDTA and lead poisoning, 932
 Eisenmenger complex and ventricular septal defect, 871
 Electrocardiogram, precordial, in mitral regurgitation, 415
 Electrolyte
 metabolism and respiration in respiratory acidosis, 536
 serum and cerebrospinal fluid, 613
 Electrophoresis
 and abnormal hemoglobins, 633
 filter paper, of serum and urine proteins, 462
 Emphysema, intrapulmonary gas mixing in, 519
 Endocarditis, subacute bacterial, 602
 Euthyroid status and Graves' disease, 608
- F**
 Fanconi syndrome and renal disease, 249
 Fever, pathogenesis of (E.), 351
 Fistula of pulmonary artery, 160
 Foreword to symposium on aspects of antibiotics, 679
- G**
 Glomerulus, anatomy of, 267
 Gonads and pituitary, relationships of, 123
 Graves' disease and euthyroid status, 608
- H**
 Heart
 block and Adams-Stokes syndrome, 577
 disease, arteriosclerotic, in diabetes mellitus, 438
 Hemodynamics
 and aortic valvular disease, 855
 patterns in ventricular septal defect, 871
 Hemoglobin
 abnormal, and hereditary hemolytic disorders, 633
 and bile pigment, metabolism of, in hemolytic disease, 112
 Hemoglobinuria, 990
 Hemolytic
 anemia, auto-immune, 810
 indications, mechanisms and classifications of, 315
 symptomatic and hemopathic, 961
 disease, hemoglobin and bile pigments in, 112
 disorders, hereditary, and abnormal hemoglobins, 633
 Hepatic
 function in diabetes mellitus, 354
 in portal cirrhosis and other liver diseases, 354
 sarcoidosis, 842
 Homozygous hemoglobin C disease, 832
 17-Hydroxycorticosteroids in rheumatic fever, 20
 Hypertension and coronary artery disease, 567
 Hypertrophy, cardiac, 900
 Hypothermia following cortisone, 146
- I**
 Idiopathic pericarditis and postcommissurotomy syndrome, 591
 Immunity to penicillin, 66
 Infections, respiratory, and renal insufficiency, 237
 Intrapulmonary gas mixing in emphysema, 519
 Ischemia, myocardial, surgery for (E.), 1
- J**
 Juvenile pattern of adult Negro males, 428
- K**
 Kidney
 artificial, in renal insufficiency, 187
 cystic disease of, 207
- L**
 Labile diabetes, causes of, 448
 Lead poisoning and disodium calcium, EDTA, 932
 Liver
 and sarcoidosis, 842
 disease, hepatic function in, 354
 needle biopsy findings in diabetes mellitus, 354
 L-Triiodothyronine, thyrotropin and Graves' disease, 608
 Lung
 functional, residual capacity of, by open circuit method, 531
 irruption of air from, 547
- M**
 Massive hepatic necrosis (CPC), 659
 Metabolism
 influence of age and vascular disease on, 477
 of hemoglobin and bile pigment in hemolytic disease, 112
 Metastasis, neoplastic, and myelophthisic anemia, 923
 Mitral
 regurgitation, electrocardiogram in, 415
 stenosis and rheumatic heart disease, 419
 valvular disease, surgical treatment of, 326
 surgery, pressure measurements in, 406
 Mucormycosis, cerebral, 822
 Myeloma, multiple, serum and urine proteins in, 462
 Myelophthisic anemia in cancer of breast, 923
 Myocardial
 infarction and shock, 622
 metabolism in diabetes, 385
 Myxedema, fatal, coma due to, 1017
- N**
 Neonatal formation of hemoglobin C, 832
 Nephritis and pneumonitis, 220
 Nephrotic syndrome, 277
- O**
 Osteoarthropathy, pulmonary hypertropic, 51
 Oxytetracycline and salmonella enteritis, 839
- P**
 Pain, chronic, and patient dependency, 653
 Panhypopituitarism and pluriglandular insufficiency 507

Subject Index

- Pasteurella multocida* septicemia in man, 167
 Pathogenesis of fever (E.), 351
 Pituitary-gonadal relationships, 123
 Penicillin reactions, immunologic aspects of, 66
 Peptic ulcer, mechanism of pain in (E.), 513
 Pericarditis, idiopathic, and postcommissurotomy, 591
 Pluriglandular insufficiency and panhypopituitarism, 570
 Pneumomediastinum, 547
 Pneumonitis, hemorrhagic and interstitial, 220
 Poisoning, lead, and disodium calcium EDTA, 932
 Polyarteritis nodosa (CPC), 335
 Postcommissurotomy syndrome and pericarditis, 591
 Precordial electrocardiogram in mitral regurgitation, 415
 Pressures, left heart, in mitral valve surgery, 406
 Primary hemosiderosis of the lungs (CPC), 335
 Procaine amide in ventricular flutter, 348
 Pulmonary
 artery fistula and intracardiac calcification, 160
 functional residual capacity, 531
 hypertrophic osteoarthropathy, significance of, 51
 resection therapy, 557
 tuberculosis, streptomycin-para-amino-salicylic acid
 treatment in, 557
 veins, anomalous drainage of, 883
- Quinidine**-induced ventricular flutter and procaine
 amide, 348
- Renal**
 disease and Fanconi syndrome, 249
 urinary amino acid excretion in, 249
 insufficiency, acute, and respiratory infections, 237
 artificial kidney in, 187
 clinical characteristics of, 172
 management of, 187
 post-traumatic, in military casualties, 172, 187
 studies in sickle cell anemia, 243
 Respiratory infection and renal insufficiency, 237
 Rheumatic
 fever, circulating concentrations in, 20
 heart disease, causes of death in, 419
 Rheumatoid arthritis
 etiology and pathogenesis of, 74
 prolonged cortisone therapy in, 27, 41
 Rhizopus oryzae and cerebral mucormycosis, 822
- Salmonella**
 enteritis and oxytetracycline, 839
 pneumonia (CPC), 1007
 Sarcoidosis, hepatic, 842
 Seminars on hemolytic anemias
 auto-immune haemolytic anaemias, 810
 direct and indirect indications, pathogenic mechanisms
 and classifications, 315
 hemoglobinuria, 990
 hereditary hemolytic disorders associated with ab-
 normal hemoglobins, 633
- Seminars on hemolytic anemias, hereditary spherocytes,
 486
 metabolism of hemoglobin and bile pigment in
 hemolytic disease, 112
 symptomatic and hemopathic hemolytic anemia, 916
 Septal defect, ventricular, 871
 Septicemia, *Pasteurella multocida*, in man, 167
 Serum proteins, abnormal, in multiple myeloma, 462
 Shock and myocardial infarction, 622
 Sickle cell anemia and renal hemodynamics, 243
 Sinus, aortic, aneurysm of, 160
 Spherocytosis, hereditary, 486
 Streptomycin-para-amino-salicylic acid treatment of
 pulmonary tuberculosis, 557
 Streptococcus lactis in bacterial endocarditis, 345
 Subacute bacterial endocarditis
 streptococcus lactis in, 345
 treatment of, 602
 Superior vena cava syndrome, 561
 Surgery for myocardial ischemia (E.), 1
 Symposium on newer aspects of antibiotics, 679-809
 bacterial resistance, 723
 chemistry of antibiotics of clinical importance, 686
 chemotherapeutic and antibiotic drugs in the manage-
 ment of infections of the urinary tract, 764
 chemotherapy of bacterial infections refractory to the
 common antibiotics, 782
 complications of antibiotic therapy, 792
 fate of tubercle bacilli in vivo, 753
 foreword, 679
 mode of action of the antibiotics, 717
 present status of the chemotherapy of tuberculosis, 738
- T** wave inversion in adult Negro males, 428
 Tetanus, management of, 947
 Thrombotic thrombocytopenic purpura (CPC), 498
 Thyroid diseases, diagnosis of, 15
 Thyroiditis, subacute, 677
 Transposition, complete, of great vessels, 155
 TSH test in diagnosis of thyroid diseases, 15
 Tubercle bacilli in vivo, 753
 Tuberculosis, chemotherapy of, 738
- Ulcer, peptic, mechanism of pain in (E.), 513
 Urinary tract infections, drugs for, 764
 Urine proteins, abnormal, in multiple myeloma, 462
- Valvular** disease, aortic, and cardiac catheterization,
 855
 Veins, pulmonary, and anomalous drainage, 883
 Vena cava syndrome, 561
 Ventricular
 asystole, tachycardia and fibrillation and Adams-
 Stokes syndrome, 577
 flutter, quinidine-induced, and procaine amide, 348
 function, 397
 septal defect, 871
